SENATOR DECAMP PRESIDING

SENATOR DECAMP: Okay, let's record your presence and report for the afternoon's activity. Okay, now there are not enough checked in to get this activity going in here. We need you to get in here quickly, senators. It is time to begin the afternoon session. Okay, the Lieutenant Governor is now arriving to seize power back. We will gently yield. But while he's getting up here we will introduce, from Senator Vickers's district, we are introducing, under the south balcony, Dr. Harold Deselms from McCook, Nebraska, and Jerda Garey who is also from McCook. The significant thing about all this is they have a daughter named Denise who is one of the Pages. It is also her birthday. Welcome to the Legislature. Clap, clap, clap.
